

VOTE CLIMATE 2020

Sponsorship Opportunity

Vote Climate 2020 is a Get Out The Vote (GOTV) movement and a global Internet broadcast of empowering facts and entertainment to promote voting for climate crisis leaders and solutions. Working with a growing alliance of climate activist organizations, we have created a 24-7 Internet channel that will broadcast “on screens everywhere” until Election Day November 3rd, 2020.

Our goal is to reach as many citizens as possible to create new climate voters voting. We must elect leaders that legislate climate policy with the same scientific focus and urgency as pandemic policy.

Today, people-powered Internet broadcasting reaches more people than corporate commercial media. The world is shifting from passively listening to politicians and pundits - to active citizenship. Vote Climate will present 24-7 entertaining and engaging content for climate education and action. Similar to the PBS News Hour, our sponsorship support package is offered to select groups, organizations, foundations, and individuals.

- **\$5,000 level - Global Sponsor – for larger global organizations.**

Includes logos on “Global Sponsors - Thank You” splash screens inserted into the streaming broadcast every three hours. Logo links on a special web page. Speak Out statements from sponsor leadership encouraging people to Vote and Vote Climate.
